Institute of Astronomy

Doctoral Positions in the

International Graduate School

on *"THE COSMIC MATTER CIRCUIT"*

9 doctoral positions available for highly qualified and motivated students.

start: October 1st, 2007

The PhD program focuses on **"The Cosmic Matter Circuit"**, one of the big challenges of modern Astrophysics. Research topics range from matter cycles on the small stellar scale across the galactic scale up to the large extragalactic scale.

Detailed information about application procedure at
http://www.univie.ac.at/IK-CosmicMatterCircuit/

Application deadline: **May 31st, 2007**

Scientific members of the graduate school: Dieter Breitschwerdt, Gerhard Hensler, Thomas Lebzelter, Christian Theis and Werner Zeilinger.

Contact:
Spokesperson of the Graduate School: **Prof. Dr. Gerhard Hensler**
